Summary

Data scientist with 5 years delivering ML models for forecasting and recommendation.

Skills

Python, Machine Learning, pandas, NumPy, scikit-learn, TensorFlow, SQL, statistics, data visualization, XGBoost, A/B testing, Jupyter

Experience

Data Scientist – Flipkart, Bengaluru (Jul 2020 – Present)

Built demand-forecasting models (XGBoost, scikit-learn) cutting stockouts 18%.

Ran A/B tests and statistical analysis on 10M+ user events with pandas + SQL.

Deployed a recommendation model that lifted click-through 12%.

Data Analyst – Ola, Bengaluru (Jun 2018 – Jun 2020)

Built SQL pipelines and dashboards; automated weekly reporting with Python.

Education

M.S. Data Science – Indian Institute of Science (IISc), 2018

B.Tech Computer Science – VIT University, 2016

Certifications

TensorFlow Developer Certificate
